

N288F

900046-B

Deck mount. SS304.

1" 14TPI male. Fits 1" 14TPI ferrule antennas and adaptors.

The N288F mount is intended for applications where the coaxial cable is protected inside the mount with direct feed through the deck or for installations where no side access through the mount is required, e.g. antennas with side fed cables – typically ferrule mounted antennas. This mount is manufactured in premium quality materials in order to prevent galvanic corrosion. The mount is always subject for improvement. The mount has the same rugged design as all other AC Antennas products thus it withstands harsh environmental conditions, both on Sea and Land.
