

## VHF/GPS-01

### Marine and Land Based GPS/GLONASS Antenna

VHF/GPS-01 is a VHF antenna with a helix GPS/GLONASS antenna for frequencies 1575.42 MHz & 1602 MHz incorporated. The antenna is manufactured in premium quality materials in order to prevent galvanic corrosion.

VHF/GPS-01 is subject for improvement at all times. The antenna has the same rugged design as all other AC Antennas products thus it withstands harsh environmental conditions, both on sea and land.
